PLACERVILLE, EL DORADO COUNTY, CALIFORNIA, TUESDAY, JANUARY 11, 1938

NUMBER 8

### YOUNG PEOPLE INSTALL JAN. 22

Brother And Sister To Share  
As Directing Officers  
In Joint Ceremonies

An occasion of unusual interest for members of Placerville Assembly, Order of the Rainbow for Girls, and members of El Dorado Chapter, Order of DeMolay, will take place on Saturday evening, January 22, when the two groups meet jointly to install officers in a meeting open to the public.

In addition to the usual interest in such affairs, the coming event will have the added feature of a brother and a sister sharing jointly in the installation.

Miss Marilyn Rupley, whose term as Worthy Advisor for the Rainbow Assembly is drawing to a close, will install the officers of her organization and her brother, Jack Rupley, whose term as Master Councilor for the DeMolay Chapter, is drawing to a close, will seat the chapter officers.

The two are daughter and son of Mr. and Mrs. Charles J. Rupley, of Placerville.

Officers elect of the Rainbow Assembly are: Barbara Smith, worthy advisor; Doris Wudell, worthy associate advisor; Annette Bryan, Charity; Janis Ball, Hope; Dorothy Morris, Faith; Kathryn Hackwood, recorder; Anna Jane Basham, treasurer; Dorothy Cosens, chaplain; Donna LeBourveau, drill leader; Jeanette Landis, confidential observer; Edna Mae Smith, outer observer; Betty Bergantz, musician; Helen Brander, choir director; Dorothy Matson, color bearer; Betty Carpenter, Love; Marion Harris, Religion; Helen Moran, Nature; Velma Lumsden, Immortality; Isabel Long, Fidelity; Betty Blair, Patriotism; Gloria Cornelison, Service; and Mrs. Wilma D. Larson, O.M.T.H. Advisor.

Officers elect of the DeMolay chapter are: Arthur Hackwood, Master Councilor; Kenneth Ward, senior councilor; Elwin Scheiber, junior councilor; Loren Dahl, senior deacon; Kenneth Heffren, junior deacon; Robert Veerkamp, senior steward; Joe Ronzone, junior steward; Calvin Wright, chaplain; Albert Frey, marshal; Robert Rhodes, standard bearer; Baxter Eskew, sentinel; and preceptors as follows, Jack Rhodes, James Pierson, Drew Rossi, Bill Savers, Charles Coleridge, Eugene Drury and Richard Walters.

### Forest Receipts Report Given

\$5,352 County's Share In  
Revenues For Year On  
Federal Timber Reserve

A fact little known to the average citizen is that the National Forests pay to the States within which their boundaries lie, 25 per cent of all receipts taken in. These funds, upon being paid into the state treasuries, are in turn distributed to the various counties by the state government.

From receipts taken in during the fiscal year 1937 on the Eldorado National Forest, El Dorado County will receive a net amount of \$5,352.30 according to a bulletin released from the Supervisor's Headquarters. These receipts accrued chiefly from timber sales, grazing permits, special use permits covering home and resort sites, etc.

The total amount paid to the State of California for the same period from all the National Forests within its boundaries was \$177,664.25.

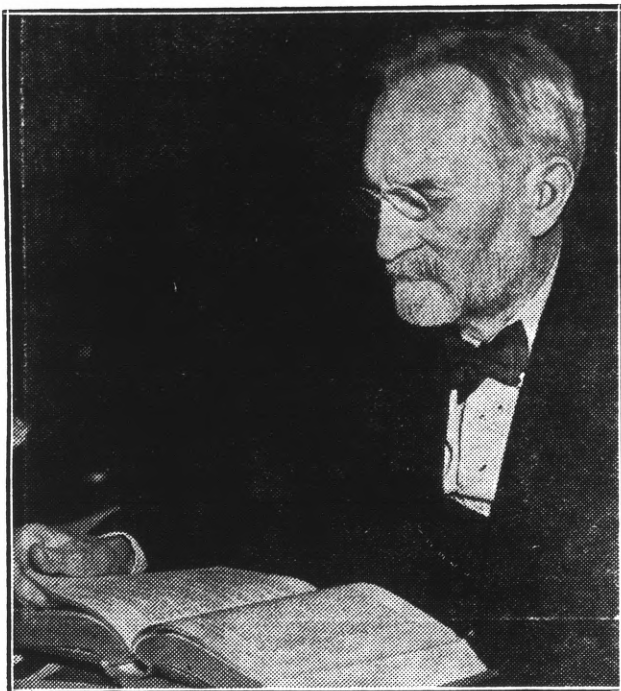

### PARLORS WILL INSTALL IN JOINT MEETING TONIGHT

The officers recently chosen by Marguerite Parlor No. 12, N. D. G. W., and Placerville Parlor No. 9, N. S. G. W., will take their places at a joint meeting of the two parlors this (Tuesday) evening at the Masonic Hall.

The members of Placerville Parlor are hosts for the occasion.

An entertainment program has been arranged and the meeting will be followed by refreshments and a social occasion.

Lewis Strickland was up from El Dorado Monday morning, just keeping check on things in general.

**JUSTICE TO RETIRE** — Associate Justice George Sutherland of the United States Supreme Court, who has notified President Roosevelt he will retire on January 18, of this year, after service on the high court bench since October 2, 1922. He avails himself of retirement privileges, having reached the age of 75. The picture shows him in his office on his 75th birthday, on March 2, 1937. Justice Sutherland was born in Buckinghamshire, England, and studied law at the University of Michigan. He was formerly a Congressman and a Senator from Utah. President Warren G. Harding appointed him to the Supreme Court.

### CONGRESS ASKED TO APPROPRIATE FOR FOREST STORM DAMAGE REPAIR

Representative Harry L. Englebright Urged to Sponsor  
Measure Providing Funds For Replacement Of Bridges  
And Campgrounds Lost In December Rains

Placerville Lions at their meeting Tuesday endorsed action taken by the Chamber of Commerce directors in behalf of repairing storm damage in the National Forest, and instructed the Lion Secretary to wire Congressman Englebright of their support for the proposal.

The support of Congressman Harry L. Englebright for a measure intended to make appropriations for the repair of storm damage done in National Forests of California by the heavy rains of December 10 and 11, was asked by El Dorado County Chamber of Commerce in a telegram dispatched Tuesday morning.

This was in keeping with action taken by the directors of the Chamber of Commerce at their organization meeting Monday night, in which members

### Dance Will Celebrate 90th Anniversary

Robert Johnson was in town from Coloma Tuesday in connection with plans for the dance to be held at Coloma Community hall on Saturday, January 29, celebrating the 90th anniversary of the discovery of gold at Coloma by James W. Marshall on January 24, 1848.

"Proceeds of this dance will go to the Coloma Community Hall fund, which is a community project at the site of the gold discovery," Mr. Johnson said.

There will be music for modern dancing with a generous assortment of tunes for old-time dancers, the committee plans.

### COUNCIL ADJOURNS TO MEET AGAIN ON JANUARY 17

The adjourned meeting of the City Council, held Monday afternoon at City Hall, concluded its session shortly before six o'clock by adjourning to meet again on Monday, January 17.

At that time, it is presumed, an appointment will be made by the board to fill the vacancy created by the resignation on December 20 of Councilman M. E. Raber.

Under the law, if the Council does not make an appointment within thirty days, it must call a special election.

The council considered several protests against tax assessments and issued instructions to City Clerk Esther Mahler to write letters to protestants, advising them to pay their taxes as assessed, under protest, and make claim for refunds.

In passing upon the refund claims, then, the Council will also rule upon the validity of assessment protests.

W. F. Klare, of Fairplay, is spending several days in the county seat with his daughter, Mrs. C. E. Barker and family.

George and Earl Klare were among business callers in the county seat on Tuesday.

### WHIGAM CHOSEN CHAMBER HEAD

Annual Membership Dinner To  
Be Held Monday Night At  
Hotel Raffles; 6 O'Clock

Reuel Whigam, assistant superintendent of the Diamond Springs Lumber Company, at Diamond Springs, was elected president of the El Dorado County Chamber of Commerce at the organization meeting of the newly elected directorate on Monday night at Hotel Raffles.

Mr. Whigam succeeds A. H. Murray, as president.

Forest Supervisor Edwin F. Smith was elected first vice-president and Cyril Heusner, of Shingle Springs, Supervisor for the Third District, was elected second-vice president.

The new president has been active in the chamber's membership during the past year as a member of the important publicity committee.

Mr. Whigam will make his committee appointments for the year and will outline the work which the chamber of commerce hopes to accomplish at the annual membership meeting of the organization, which will be held on Monday evening, January 17, at Hotel Raffles at 6 o'clock.

It was the sense of the board of directors that the principal efforts of the organization in community building be continued during the present year toward a stimulation of travel through the county and the development of a year around recreational program which will attract visitors to the county. It was felt that much good has been accomplished in this program during the past year and that continued development of the county's recreational attractions would pay increasingly large returns to the advantage of the entire county.

### Eagles Outline Capital Visit

Frank Ward, District Deputy  
President, Will Pay Official  
Call On Sacramento Aerie

A large delegation of members of Placerville Aerie No. 889, Eagles, will go to Sacramento Wednesday evening with Frank Ward, district deputy grand president of the order, when he pays his official visit to Sacramento Aerie No. 9.

Plans for the excursion were arranged at the meeting of Placerville Aerie on Monday night, at which John Val Alstine was elected conductor for the aerie, succeeding Bob Glasgow, who has resigned owing to his inability to be present regularly.

Following the Sacramento visit, Deputy Grand President Ward will pay an official visit to the aerie at Jackson on January 20.

Placerville Aerie at its meeting on January 24, will initiate a large class, a part of the Conrad H. Mann class.

### PROBATIONER SURRENDERS TO SERVE TWO MONTHS IN COUNTY JAIL

"Here I am, sheriff."

Sheriff Smith looked around and there was Ham Flint, sentenced about three weeks ago to serve two months in the county jail and two years on probation following his plea to a charge of carrying a gas gun without a permit.

"My work kind of slowed down," Flint explained as he dropped his suit case, "and I figured I might as well be up here doing my time as laying around waiting for things to pick up."

Flint had been released on recognizance after sentence was passed, upon his representation that he had work to do which should be attended to immediately, and the court granted this request with the provision that Flint should appear February 1 to serve his two months in jail.

But Flint's work ran out earlier than he had anticipated, and he surrendered Monday evening.

District Attorney Henry S. Lyon was a visitor at Sacramento Tuesday.

Charles Schaeppi was a Tuesday caller from Blair's district.

Mr. and Mrs. Swift Berry were in town from Camino Tuesday.

**ASSEMBLYMAN JESSE MAYO**, who Tuesday announced his retirement from the State Assembly upon the conclusion of his present term. Assemblyman Mayo will be a candidate for election as State Senator from the 26th district.

### MAYO RETIRES FROM STATE ASSEMBLY

Calaveras County Publisher  
Announces Candidacy For  
26th District Senatorship

ANGELS CAMP — Assemblyman Jesse M. Mayo, for five years El Dorado County's representative in the Assembly, today announced that he would not seek re-election at the August Primary Election for the office of Assemblyman, but would campaign for the vacated office of State Senator from the 26th District, which includes Calaveras, Mariposa and Tuolumne Counties. The senatorial office was recently vacated by the resignation of Senator Dan E. Williams.

The Calaveras Assemblyman and Calaveras County newspaper publisher was first elected to serve in the Legislature from the Sixth Assembly District which includes ten mountain counties, in 1932, and is now completing his third term, having been re-elected in 1934 and in 1936, the last time with opposition.

In announcing his decision to relinquish the Assembly post and seek the Senate seat, Mayo stated, "I do so with some reluctance, for I have enjoyed representing the people of El Dorado County and the nine other counties of the district and have found the people of the Sixth District easy to represent in the legislative halls, for they never asked for anything unreasonable and wanted nothing in the way of pork barrel appropriations, only demanding that which was rightfully coming to the mountain counties."

In concluding, Mayo stated, "While I will not continue to represent the people of El Dorado County in the Legislature, I want to assure the people of this county that at any time in the future, whether as a senator from the 26th District or just a plain citizen, they can always call upon me for any service which I am capable of performing, and that service will be cheerfully rendered. I shall always be indebted to the people of El Dorado County for their loyal support in the past and stand ready to reciprocate at any time in the future."

### Personal Mention

Charles Leventon was on Main Street in the county seat before the sun hit the sidewalk on Monday morning.

Rolland Gust was a county seat caller Monday from Diamond.

Mrs. Bert Combella and son Allen, came up Sunday from San Francisco where they had been visiting relatives.

Robert Combella has returned to school at Stockton Junior College following a holiday visit at home.

Ben Went was a caller from Shingle Springs Tuesday morning.

Hulbert Horn, engineer for the state on the new highway bridge across Webber Creek, is one of those confined by the current epidemic of severe colds. During Mr. Horn's illness, Engineer Keys, of the Sacramento office, is replacing him.

Gust Brown was a Tuesday morning caller from Camino.

### WEATHER

Fair tonight, Wednesday; no temp. change; high, 58; low 30.

### CASABANS OPEN FIGHT TONIGHT

Cougars Take Floor In First  
Game To Defend Championship  
Against Mosquito Quintet

They're off!

The annual county basketball league scramble opens tonight at the high school gymnasium with the high school Cougars taking the floor in the first game to defend their championship against the Mosquito CCC five.

There will be three games each Tuesday night in the schedule, which runs through Tuesday night, February 8. Games start at 7 o'clock, 8 o'clock and 9 o'clock.

The Cougars present much the same machine as that which last year battled through to win the title, while Mosquito will present virtually an entire new lineup this year.

In the second game of the night, the fast American Legion quintet, which is always "in there," will meet a Twenty-Three Club team about which there has been a great deal of talk among followers of the league this season. This game starts at 8 o'clock.

Final tilt of the night will be between the Red & White Stores quintet and the Native Sons. This game starts at 9 o'clock.

Season tickets for the entire series of games are available and those who prefer to pay their admissions as they attend will see the three games for 25 cents.

### 10 Deaths In Crash Probed

Six Inspectors Sent To Sift  
Facts In Wreck Of Northwest  
Air Liner In Montana

WASHINGTON, (UP)—Six inspectors of the bureau of air commerce today sped to the scene of the Northwest Air Lines crash near Bozeman, Mont., to gather evidence for a special investigating board.

The investigating board may be appointed later in the day or tomorrow by secretary of commerce Daniel C. Roper.

### BODIES REMOVED

BOZEMAN, Mont., (UP)—Forest rangers and ranchers today began removing the bodies of ten men who died when a Northwest Airlines luxury liner crashed and burst into flames during a blizzard in rugged Bridger Canyon yesterday.

Sheriff Lovitt Westlake, who with Coroner Howard Nelson, visited the crash last night to supervise removal of the bodies, said the plane was "torn up something fierce."

These were the dead: Pilot Mamer, of Spokane; Fred W. West, Spokane, co-pilot; G. A. Anderson, Spokane; L. Levin, Butte, Mont.; Douglas McKay, Winnipeg, Canada; I. E. Stevenson, Spokane; W. E. Borgenheimer, Bason, Mont., employee of the airline; A. L. Cronquist, Billings, Mont, state traffic manager for the airline; Walter Ton, St. Paul, and Ted Anderson, St. Paul.

### PRESIDENT'S BALL TO BE HELD SATURDAY NIGHT

Frank Ward, general chairman for the President's Birthday Ball to be held in the Odd Fellows Hall Saturday, Jan. 22, today publicly expressed his appreciation to the Order of DeMolay for postponing their dance, originally set for the same date.

Everyone interested in the crusade against infantile paralysis will be glad to learn that there will be no other important functions in the county on the night of the now traditional ball, states Ward.

Mrs. A. J. Orelli, Mrs. Ed. F. Smith, Mrs. B. E. Larson, Roy Romberg, Harold Duden, Victor Leonardi and Lloyd L. Vye are the committee assisting in sponsoring the event.

### "Shanghai War" Film To Be Shown Tonight

The motion picture "Shanghai War" will be shown tonight at the Shakespeare Clubhouse under auspices of the club's travel section. The picture will have sound effects and is described by its exhibitors as being not a horror picture.

"WHAT, AGAIN?"

## PARADE OF SPORTS

By HENRY McLEMORE  
United Press Staff Writer

LOS ANGELES, (UP)—That there is a broken heart for every bulb on Broadway is not one bit truer than that there is a broken horse player for every system to make money at the tracks that was ever invented.

This means that there must be fully a million broken horse players at large in this country, because I myself know nearly that many "foolproof" systems. They are known as "foolproof," I imagine, chiefly because they offer concrete proof that those of us who employ them are fools.

I started "collecting" systems many years ago at the annual county fair races where the track was so bad that the very fact that the horses could run over it without bowing anything more serious than tendons proved them something slightly less than thoroughbreds, and that they had more than a trace of Alpine goat in their blood lines.

Since that time I have collected systems from here to Budapest. Bowie, Pimlico, the Downs, both Churchill and Epsom, Hialeah, Havre De Grace, Tanforan, Fairgrounds, Lincoln Park, Autuill, and now, at Santa Anita.

Santa Anita has been very productive. For a good collector of systems two hours in the Turf Club is just as satisfactory as a day in a newly discovered tomb would be for an Egyptologist. I hadn't been in the place more than 10 minutes before I overheard a new one—the "small-child-with-stub-pencil-in-hand" system.

It belonged to Mrs. Dick Arien, the former Jobyna Ralston. It is worked in this manner. Before leaving her home for the track Mrs. Arien places a pencil in her young son's hands and leaves him alone in the nursery with a list of that day's entries. Five minutes later she studies the list and the one the baby has scribbled on the most is her three-star bet of the day. Little Dickie has tabbed many winning long shots and his choices are eagerly sought after by the racing gentry.

Then there is the "beauty parlor operator" system. This has a tremendous vogue among women players and consists of betting on nothing that was not told them by an operator while undergoing the tortures of being beautified. Tips received while the hair dryer is blowing its tropical winds are considered infallible.

A great many men are devotees of the bartender system. No ancient Greek ever listened more profoundly to an oracle than do many players to the tips offered by the professional cocktail stirrer-uppers.

A system that is being given much attention at Santa Anita right now is the Kibbee system, which was named after its inventor, Guy Kibbee. To play it, one must spend the night before studying the form charts for the past performances of the next day's run-

## CARDINAL BASKETEERS OPEN SCHEDULE ON FRIDAY NIGHT

SAN FRANCISCO, (UP)—Stanford University's basketball team, built around sharp-shooting Hank Luisetti, will open its defense of the Pacific coast championship Friday night in a doubleheader against University of Southern California Trojans at Palo Alto.

The Cardinals and Trojans meet on Friday and Saturday night, while at Los Angeles University of California's Bears, returning from an extensive barnstorming tour, will face UCLA in another week-end twin bill.

USC, on the strength of its 48-31 win over UCLA last Friday, holds a lead in the Southern division conference race.

## 82 Million Coins Made At Mint In Month

PHILADELPHIA, (UP)—About 82,000,000 coins were minted at the Philadelphia mint last month.

Value of the coins was \$3,333,805. The output consisted of 764,000 half dollars, 2,480,303 quarters, 10,640,701 dimes, 14,756,000 nickels and 52,986,000 pennies.

Republican Classified Ads Always Pay!

The next step is to be at the track a full hour before the first race and question every owner, handicapper, jockey, stable boy, and trainer possible. The last five minutes before the bugle sounds must be spent in reviewing the form charts. From the moment the horses step on the track until they near the starting gate the player of the Kibbee system must sift his findings and get his information all jumbled. Then comes the final step. At the last moment a mad rash must be made to the cashier's window and this breathlessly shouted:

"Give me something!! Give me something! Give me anything!"

Often the cashier, in his amazement will select a ticket on a horse that wins.

Personally I don't fool with any of these systems. I know them to be uncertain. I play safe and always buy the same ticket that the man in front of me in the line buys. I figure he must know SOMETHING else why would he be risking his money?

## BACK HOME AGAIN

By Ed Dodd

## Rail Agent Remembers 160 Birthdays

EL PASO, Tex., (UP)—John R. Dalby, district passenger agent for a railroad company here, remembers 160 birthday anniversaries a year.

He does it by carrying a rose in a slender vase to the person to be honored. He is very particular about the kind of rose and type vase he uses. Last year he bought black vases. This year they are blue. The roses are usually pink and just out of the bud stage.

LONDON, (UP)—Police headquarters will be calling all cars and every important police station in Great Britain by radio before the end of next year, it was reported.

## Co-Eds Demand Men Put Up Better Front

KENT, O., (UP)—The men of Kent State University had better put up a "stiff-shirt" front at campus social events or they won't have any Kent co-eds for dancing partners.

An indignant co-ed released her pent up feelings on the subject in a letter to the campus newspaper. In it she protested against men students attired in "checked shirts and leather jerkins" at dances.

She said: "We give a dance, everything is all lovely, then what? Most of the men turn up looking as out of place as tin forks at a banquet."

Republican Want Ads Always Pay.

## "Hunk" Anderson Given Cincinnati Post

CINCINNATI, O., (UP)—Heartley W. (Hunk) Anderson, former Notre Dame grid star and line coach last season at the University of Michigan, has been selected as assistant football coach at the University of Cincinnati.

Anderson was given a two-year contract. His salary was not announced.

## RELIEF CLIENT PAYS IN FULL, WILL "HOLD MY HEAD UP AGAIN"

LARAMIE, Wyo., (UP)—In what since has been characterized the "spirit of the old west," Charles H. Trahan, 70, walked into the Albany county welfare office and paid back in full the relief money he had been given.

"I owe this money and I want to pay it back," he told county welfare officers.

He laid \$350 on the table—the aggregate amount he had received in small monthly allowances during a year and a half.

Trahan recently sold a ranch for \$3,500. His first act afterward was to pay back the relief money "so I can hold up my head again."

"I'm glad to get this relief business off my mind," the aged man said as he stalked out of the office.

## HERO WORSHIP OF WAR LORDS IN CHINA AT AN END

By EARL H. LEAF

SHANGHAI, (UP)—"Glorifying the Chinese general" is an "Old Chinese custom" that has gone out of fashion in the present Sino-Japanese conflict, as the entire nation and its scores of war lords fight shoulder to shoulder for national existence.

Personalities have been submerged entirely, with the exception of General and Madame Chiang Kai-shek and a few commanders whose names flash across the news pages for a few days then disappear. This unusual situation is the result of government policy and personal preference of the army commanders themselves.

Consequently, newspaper correspondents have found it impossible to find any subjects for glorification. The Chinese people, who love to worship heroes, also miss an outstanding hero in this war.

Oakdale High School boys piled up handsome profits in their projects of 1937.

# DECLINE IN PRODUCTION RAISES COAL PROBLEM FOR FRANCE

**By H. G. KING**  
**United Press Staff Correspondent**  
PARIS, (UP) — Although France has never been able to satisfy all requirements in coal, lacking several of the types needed in heavy industries, latest statistics show that home production is beginning to lag and imports are increasing rapidly.

The coal industry in France has seen its means of existence completely modified during the past 18 months. A study of the returns reveals that cost of production has increased considerably (labor accounts for about two-thirds of the cost of production), while there has been a big drop in production owing to the application of the 40-hour week. Foreign importers also have benefitted by the depreciation of the franc.

To examine these points one by one, wage statistics show that the application of the Matignon accord in June of 1936, increased salaries by 12 to 16 per cent. There followed on the steps of this increase three more, the first in February, 1937, with an average added increase of 5 per cent, the second in May, 1937, also of 5 per cent, and a third in October, 1937, of 7 per cent. This entailed a proportionate rise in incidentals immediately connected with wages—such as social assurance—so that now the actual cost of labor can be considered as being 70 to 75 per cent higher than 18 months ago.

## ABD-EL-KRIM MAY WIN LIBERTY AFTER 11-YEAR EXILE

**By H. G. KING**  
**United Press Staff Correspondent**  
PARIS, (UP) — During the recent meeting of the North African Coordination Committee in Paris, in the course of which former Premier Albert Sarraut, president of the committee laid down the general outlines of wide-scale reforms which are to be carried out in Morocco, Algeria and Tunis, the question of the eventual return of Abd-el-Krim to his motherland was discussed.

The question was broached by M. Lucien Gasparin, member of Parliament for Reunion Island where Abd-el-Krim has been in exile during the past 11 years. M. Gasparin pleaded eloquently in favor of Abd-el-Krim. He read a letter from Major Verines, former commander of the Reunion gendarmerie, in whose charge Abd-el-Krim was placed. Major Verines stated in his letter that "he could personally guarantee that the sentiments of the Moroccan chief were now very pro-French."

## Police Car Stolen From Precinct Station

PHILADELPHIA, (UP) — Patrolmen Sauters and Brown reported a number of stolen cars, including "old 93," their red-painted, radio-equipped bandit chaser.

The police car was taken from in front of a precinct station and abandoned in another part of the city.

**SHE SNEEZES**—Elaine Machi, 19, of Philadelphia, whose continuous sneezing puzzled doctors after they seemed unable to bring her relief. After they had applied various methods to stop it, they asserted the belief that her malady had a hysterical basis.

# FLOOD CONTROL DAM TO ERASE TOWN IN MISSOURI

GREENVILLE, Mo.,—This 120-year-old Missouri town and surrounding Wayne County which contains some of the most fertile farm land in Southeastern Missouri soon may be inundated as a sacrifice to hill folk in surrounding Ozark communities.

Its doom awaits construction of the government's \$22,500,000 Wappapello dam which will control the rampaging St. Francis River which in less than 30 years has caused approximately \$30,000,000 in property damage.

Southeastern Missouri long has faced the problem of harnessing the river which frequently has swept out of its banks, destroying homes, washing out crops and farm land, and drowning livestock.

When the government completes the dam, all of Greenville and most of the valuable farm land in Wayne County will be inundated.

Plans are progressing rapidly for the 1938 Almond Blossom Festival in the Oakdale district.

**BOOM**—Allotment of more time for Assistant Attorney General R. H. Jackson, above, than for other speakers at the Democratic fundraising Jackson Day dinner in New York, gave added substantiation to the belief that he is first choice of President Roosevelt for Democratic nomination for Governor of New York state next election.

## Berkeley Editor Under Knife At Bay

SAN FRANCISCO, (UP) — Campbell Watson, widely known California newspaperman, news editor of the Berkeley Gazette, was operated on for appendicitis yesterday in St. Joseph's Hospital. Doctors said his condition was satisfactory.

CAPE GIRARDEAU, Mo., (UP)—Frank Kelly has completed 25 years of continuous service as circuit judge here. He was appointed to fill a vacancy in 1912 and since has been elected to four six-year terms.

# TONNAGE OF FORD FLEET ABOVE FIGURE FOR 1936

DEARBORN, Mich., — Vessels of the Ford Motor Company fleet carried 375,000 more tons of company cargo during the 1937 navigation season than they carried in 1936, it was announced.

A total of nearly 3,000,000 tons of cargo, not including 18,000,000 feet of lumber, were shipped to the company's big Rouge plant here by the Ford fleet or taken away to assembly branches as finished parts.

More than half the cargo was coal, of which the company uses about 6000 tons a day in normal operations. This is shipped by rail from Kentucky to

Rooms of glass are planned for the model homes area at San Francisco's 1939 Golden Gate International Exposition.

# Paul Revere's Ride 12 Miles Long

LEXINGTON, Mass., (UP)—Painstaking measurements, with the use of contemporary road maps, reveal this paradox:

That Paul Revere, on his immortal Midnight Ride, covered only 18 86/88 miles.

Whereas William Dawes, the little-known express rider who fulfilled a similar purpose over a different route the same night, covered 16 61/88 miles.

Toledo, Ohio, and then brought to the Ford plant by water. The water shipment not only reduces costs, but also prevents the congestion that would be caused in the plant by the arrival of 120 railroad cars of coal a day, officials said. Approximately 1,700,000 tons of coal were hauled during the 1937 season.

## Announcement

We take great pleasure in announcing to the City of Placerville and El Dorado County the addition to our firm of MR. STANLEY H. RAYBURN as bookkeeper and outside service man.

Mr. Rayburn will be pleased to wait on his many friends and acquaintances for their needs in dry cleaning and the many other services rendered by this company.

## "WORTHY PROSPECTORS" SHARE IN ESTATE OF DAKOTANS

DEADWOOD, S. D., (UP)—Prospectors of non-metallic ores are beneficiaries of one of the strangest wills ever drawn up in Lawrence county, where the testament of the late Dr. A. T. Roos came up before County Judge Harold J. Shea.

The estate contains 40,000 shares of stock in a feldspar company in the Southern Hills. After a bequest of 5,000 shares to Norman Reed, Rapid City, and another bequest to Grant Neligh, Rapid city, Dr. Roos directed that the balance be paid by the executor, Hayes and Hayes of Deadwood, at the rate of \$500 to each worthy prospector of non-metallic ores, in the Black Hills for the "promotion and development of non-metallic properties."

Neligh, well known Black Hills printer, died before the will was filed.

**PIRATE YACHT**—A strange story rarely equaled since the days of the pirates was told when a coast guard vessel picked up the yacht Aafje, above, and towed it to Los Angeles. Passengers said Jack Morgan, inset, shot and killed the owner, Dwight L. Faulding, Santa Barbara hotel man, and terrorized the others until he was hit on the head and thrown over.

## Head Of Pinole Bank Stricken Monday

PINOLE, (UP) — E. M. Downer, 55, founder and president of the Bank of Pinole and the Mechanics Bank of Richmond, died yesterday of heart disease at his home.

Downer was vice president of the First National Bank of Richmond, president of the Pinole Light and Power Co., mayor of Pinole and a member of the board of trustees of the Richmond Union High School.

The Bank of Pinole has branches in Crockett, Port Costa and Rodeo, and the Mechanics Bank has branches in El Cerrito and Albany.

James Kelly was a caller Monday morning from Kelsey.

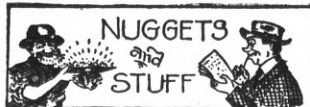

G. Scheiber.

Deed, John Emery Scott and Evelyn Peters Scott, husband and wife, to John Emery Scott and Evelyn Peters Scott, husband and wife, in joint tenancy.

Right of way deed, M. A. Miller to United States of America.

Right of way deed, Wm. A. Miller and Clara W. Miller, his wife to United States of America.

Official bond of Charles W. Ball.

You are supposed to obtain your 1938 motor vehicle license plates before February 4th, or pay a penalty. And to help you get under the fire, the local office of the Highway Patrol will be open each Saturday afternoon during the plate-issuing season, Captain E. A. Brewster informs us.

There is no charge for this service. All you do is present your white slip and the post card tax notice with the amount of do-re-mi indicated on the card. Most of us can find the white slip and the post card without much trouble.

The County Basketeers swings into another hoop season tonight at 7 o'clock at the high school gymnasium, and you who have never seen the game will have a first class opportunity to-night to "get in on the ground floor." Who knows, you might get interested in boosting one of the teams and stay with them all through the schedule. Three games tonight, 7, 8 and 9.

How about your license to drive an automobile?

We heard a discussion the other day in which a lady assured a gentleman acquaintance that his driving license, issued in 1927, was out of date and he'd better get a new one.

But the man was equally as positive that the license was in effect and explained that he had only recently been in court for a traffic citation and that the license was passed at that time.

And so, after the man had departed (gals will have the last word, you know) she telephoned the highway patrol office and asked whether a license issued in 1927 is any good.

The answer was that operator's licenses issued after January 1, 1927 and until August 14, 1929, have not been revoked and are still legal.

And then, the Highway Patrol inquired, how about your license?

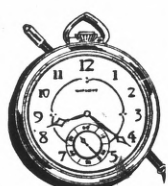

"Oh-h-h," said the lady, "I have my license—it's in my purse—I always carry it there so I'll have it when I'm driving; oh, yes, it's still active. I'm sure of that."

Then she hung up and, determined to see the thing through to the bitter end, sought out her purse to make sure of her own license—and the rumor is that her ears turned a slight pink.

Check up on your driving license, it may save you a fine some day when an inquiring Highway Patrolman will ask to see it.

### FIRE AHEAD OF DEDICATION

CLEVELAND, (UP)—Fire destroyed a \$65,000 community center cabin built of timber cut from discarded telephone poles and trees in suburban Fairview shortly before the building was to be dedicated.

## Missouri Flat Farm Center Met Monday

Regular meeting of the Missouri Flat Farm Center was held Monday night at the school house. Members of the center are looking forward to the advent of warmer weather, when they may hold their meetings in the new community hall, now under construction.

The hall is nearly enough completed at this time that meetings might be held there, except that heating presents a difficult problem.

The center heard reports on the membership enrollment, appointed an entertainment committee, and viewed several reels of motion pictures. Farm Advisor Ivan Lilley spoke. Refreshments followed the meeting.

Mr. and Mrs. Milton Orelli and Mr. and Mrs. Robert Carpenter were among snow sports enthusiasts in the summit district Monday.

## LEWIS STONE IN ROMANTIC MYSTERY AT EMPIRE

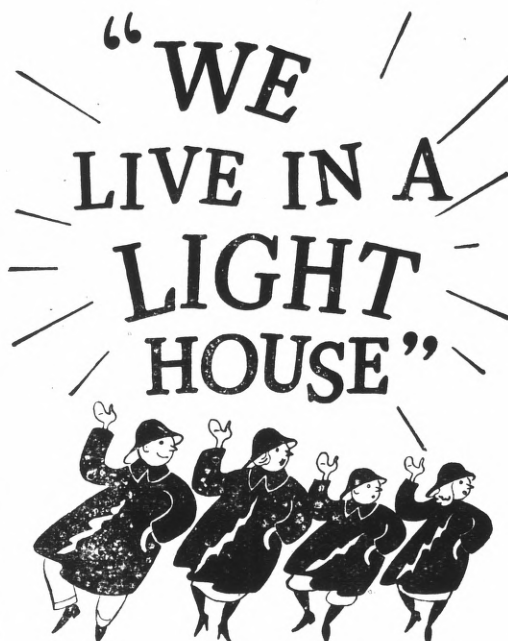

An unusual romantic mystery drama with a surprise finish, Universal's "The Man Who Cried Wolf" opens today at the Empire Theatre beginning a two-day run. The talent cast is headed by Lewis Stone, veteran character actor.

The second picture is the Warner Bros. collegiate comedy "Over the Goal".

The story deals with a bet made between a couple of players on rival teams back in 1887, when gridmen wore long hair and even whiskers.

## Mrs. Wentworth To Be Buried Wednesday

The funeral services for Mrs. Venita Wentworth, who died early Monday near Sacramento, will be held on Wednesday afternoon at 1 o'clock from the James R. Garlick mortuary chapel, 20th and P Streets, Sacramento. The funeral services will be followed by cremation at East Lawn.

A home in order to be properly lighted does not have to be ablaze with light. Modern Sight-Saving light simply means providing the right amount of light and the right kind of light for Seeing, Comfort and Beauty wherever eyes are used for work or play. You can make your home a house of Better Light for surprisingly little money. Why not try out Better Light in one room, with an I.E.S. Study Lamp in your child's bedroom? Remember good light today costs less than ever before.
